Dear Sir/ Madam,

Research Center for Chemistry (RCC), Indonesian Institute of Sciences (LIPI) in collaboration with the Indonesian Chemical Society (HKI) and Indonesian Catalysis Society are organizing the "International Symposium on Applied Chemistry (ISAC) 2015". Symposium will be held on 5-7 October 2015 in Aston Cihampelas with the theme "Innovative Science in Applied Chemistry for Sustainable Life".

Accordingly, we cordially invite academicians (Professor, Lecturer, Researchers and Students) in your university to participate and submit papers in this event. Selected papers will be published in *Procedia Chemistry*, Elsevier. For detailed information, please refer the poster/ leaflet as attached.

In addition, we would like to ask your university a favor to disseminate this information through group email, poster board and website in your related departments or research centers, such as chemistry, chemical engineering, pharmacy, biology, environment etc. Poster/ leaflet may be reproduced from the attachments or reprinted from original files at our website: <http://situs.opi.lipi.go.id/isac2015>

Thank you for your attention and valuable supports.

Best Regards,

Dr. Agus Haryono  
Director of Research Center for Chemistry,  
Indonesian Institute of Sciences  
(Steering Committee of International  
Symposium on Applied Chemistry 2015)
